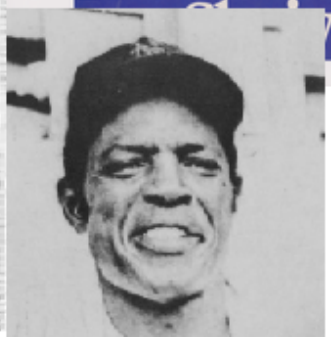
Dec. 2022

A Look Back at 1972



Why relive 2022 when you can re-experience the culture of fifty years ago, via Internet Archive?

----------1972 Zines
Several of these are on microfilm (i.e. black and white) and can be read only by Archive members for an hour at a time.

----------1972 in films

https://archive.org/details/point_in_time
Highly informative hour-long documentary about the Corona Project, which gave us America's first photo-reconnaissance (spy) satellites. Produced by the CIA in 1972, it premiered publicly at the "Piercing the Curtain" conference about Corona in May 1995 but has not been widely seen.
